

# 2017 Oregon Coalition Against Domestic & Sexual Violence ANNUAL REPORT

## FROM THE EXECUTIVE DIRECTOR

Dear Friends,

It's our 40th anniversary year and we are delighted to celebrate with you. We rise from the foundations created by the amazing people who have built and sustained our movement over time. While we cannot list each by name, we honor them. The Oregon Coalition Against Domestic and Sexual Violence works with community-based domestic and sexual anti-violence programs, towards ending violence in all communities. We are committed to supporting the dedicated programs throughout Oregon's rural, frontier, urban, suburban and Tribal lands; to ensure that all survivors have access to safety, thriving, and support.

OCADSV's work is focused on supporting our member programs in their efforts to help survivors of domestic and sexual violence move beyond abuse to survive and thrive.

In 2017, OCADSV provided extensive training, technical assistance, and support for local programs, advocates, and others who encounter adult and child survivors to help them continue their life-saving work. We are happy to share this Annual Report to demonstrate our progress and ongoing commitment to creating a social, political and economic environment in which violence against all people no longer exists. Your support in 2018 and beyond is critical as OCADSV strives to achieve this important mission.

In Solidarity,

Vanessa Timmons, Executive Director
