Free Confidential Advocacy

How can an advocate help me?

Knows about what options are currently available in your area

Can listen to your story and help you find what you need to heal

Work with you short or long term:

- Support groups
- Breaking a lease
- Safety Planning
- Locating legal or housing resources

Not a police officer or a lawyer

You do not have to report your assault to work with an advocate.

Can join you in the emergency room, law enforcement interviews, or to a court hearing, and more for support
